

Configuration du modem ZTE

1. Accédez à l'interface du modem via l'adresse 192.168.100.1

2. Saisissez « **admin** » comme Utilisateur et Mot de passe puis cliquez sur « **Log in** »

A screenshot of the login page for a ZTE ZXHN H367N modem. The page has a grey header with a padlock icon and the text "Welcome to ZXHN H367N. Please login." Below the header, there are two blue links: "How could you find the password of the device?" and "What should you do if you forget the password of the device?". The login form consists of two input fields: "Username" with the text "admin" and "Password" with six black dots. A blue "Log in" button is located at the bottom right of the form.

3. Cliquez sur Internet

4. Sélectionnez DSL Configuration

5. Cliquez sur la flèche en bas de page puis sur le nom de connexion existant, dans notre cas TOPNET

6. Vérifiez les paramètres suivants puis cliquez sur **Apply**

- **xDSL Transfer Mode** : PTM
- **VLAN** : coché
- **VLAN ID** : 458
- **Username / Password PPP**
